PREFACE

Athletics Victoria ('Athletics Victoria', 'AV' or 'Athletics Victoria') is committed to providing an environment that is safe for children and that is free from harassment and abuse for all participants, officials, coaches, volunteers and employees.

Athletics Victoria's Member Protection Policy has been developed to assist in that regard. It also supports the development of an environment in Victoria which is conducive to the development, enjoyment and appreciation of athletics. Member protection is relevant from grassroots to international level and seeks to ensure that everyone involved in our sport is aware of their legal and ethical rights and responsibilities.

We are committed to the health, safety and general well-being of all of our members and will work to ensure that everyone associated with our organisation complies with this policy. We would encourage all who are involved in athletics to familiarise themselves and comply with this policy.

Adopted by the Board of Athletics Victoria

MEMBER PROTECTION POLICY

PART A

1. Athletics Victoria's Vision and Mission

To grow participation in athletics in all its forms through relevant, engaging and sustainable events, products and services

2. Purpose of this Policy

This Member Protection Policy (Policy) aims to maintain ethical and informed decision-making and responsible behaviours within our sport. It outlines our commitment to a person's right to be treated with respect and dignity and to be safe and protected from abuse. This Policy informs everyone involved in our sport of their legal and ethical rights and responsibilities and the standards of behaviour that are required.

The Policy attachments provide the procedures that support our commitment to eliminating discrimination, harassment, child abuse and other forms of inappropriate behaviour from our sport. As part of this commitment, Athletics Victoria will take disciplinary action against any person or organisation bound by this Policy if they breach it.

This Policy has been adopted by a Resolution of the Board of Athletics Victoria. The Policy takes effect from the date of its adoption by the Board and its publication on this website. This Policy and/or its attachments may be amended from time to time by resolution of the Board. Copies of the Policy and its attachments can be obtained from our website at <http://www.athsvic.org.au> or by contacting Athletics Victoria directly.

4. Code of Conduct

Athletics Victoria requires every individual and organisation bound by this Policy to:

7. Policy Position Statements

7.1 Child Protection Policy

Every person and organisation bound by this Policy must always place the safety and welfare of children above all other considerations and acknowledges that our staff, members and volunteers provide a valuable contribution to the experiences of children involved in our sport.

Athletics Victoria aims to continue this and to take measures to protect the safety and welfare of children participating in our sport by:

- Prohibiting any form of abuse against children;
- Ensuring people have completed a satisfactory Working with Children Check where the relevant state/territory law requires this [*state/territory requirements are summarised in Part B of this Policy*];
- Providing opportunities for our juniors to contribute to and provide feedback on our program development;

- Carefully selecting and screening people whose role requires them to work with children. (Screening procedures are outlined in Part B of this Policy);
- Ensuring our codes of conduct, particularly for roles associated with junior sport, are promoted, enforced and reviewed;
- Carefully selecting and screening people over the age of 16 years who work, coach or have regular unsupervised contact with children;
- Promoting and enforcing our codes of behaviour, particularly for roles associated with juniors;
- Responding to all reports and complaints of abuse promptly, seriously and confidentially;
- Making information about child protection available, particularly for roles associated with children;
- Adopting practices that reduce risks and provide the greatest opportunity of having a child safe environment;
- Providing education and/or information to those involved in our sport on child abuse and child protection.

Athletics Victoria requires that any child who is abused or anyone who reasonably suspects that a child has been or is being abused by someone within our sport, to report it immediately to the police or relevant government agency and MPIO and/or CEO. Descriptions of the sorts of activities, which may constitute 'abuse', are in the Dictionary at clause 11.

All allegations of child abuse will be dealt with promptly, seriously, sensitively and confidentially. A person will not be victimised for reporting an allegation of child abuse and the privacy of all persons concerned will be respected. Our procedures for handling allegations of child abuse are outlined in attachment C4 of this Policy.

If anyone bound by this Policy reasonably suspects that a child is being abused by his or her parent/s, they are advised to contact the relevant government department for youth, family and community services in their state/territory.

7.2 Taking Images of Juniors (Under 18)

Images of children cannot be used inappropriately or illegally. Athletics Victoria requires that individuals and associations, wherever possible, obtain permission from a child's parent/guardian before taking an image of a child that is not their own and ensure that the parent knows the way the image will be used. We also require the privacy of others to be respected and disallow the use of camera phones, videos and cameras inside changing areas, showers and toilets.

If Athletics Victoria uses an image of a child it will avoid naming or identifying the child or it will, wherever possible, avoid using both the first name and surname. We will not display personal information such as residential address, email address or telephone numbers without gaining consent from the parent/guardian. We will not display information about hobbies, likes/dislikes, school, etc. as this information can be used as grooming tools by pedophiles or other persons. We will only use appropriate images of a child, relevant to our sport and ensure that the child is suitably clothed in a manner that promotes the sport, displays its successes, etc.

We require our members and clubs to do likewise.

7.3 Anti-Discrimination and Harassment Policy

Athletics Victoria opposes all forms of harassment, discrimination and bullying. This includes treating or proposing to treat someone less favourably because of a particular characteristic; imposing or intending to impose an unreasonable requirement, condition or practice which has an unequal or disproportionate effect on people with a particular characteristic; or any behaviour that is offensive, abusive, belittling, intimidating or threatening – whether this is face-to-face, indirectly or via communication technologies such as mobile phone and computers. Some forms of harassment, discrimination and bullying, based on personal characteristics such as those listed in the Dictionary at clause 11, are against the law.

If any person feels they are being harassed or discriminated against by another person or organisation bound by this Policy, please refer to our complaints procedure outlined in Attachment C1 of this Policy. This will explain what to do about the behaviour and how Athletics Victoria will deal with the problem.

7.4 Sexual Relationships Policy

Athletics Victoria takes the position that sexual relationships between coaches and the adult athletes that they coach should be avoided. Athletics Victoria takes the view that such relationships while not necessarily

constituting unlawful harassment can have harmful effects on the individual athlete involved, on other athletes and coaches, and on the sport's public image. Such relationships tend to be intentionally or unintentionally exploitative because there is usually a disparity between coaches and athletes in terms of authority, power, maturity, status, influence and dependence. Athletics Victoria's Policy position is similar to other organisations who disallow professionals such as teachers, doctors and counselors to have sexual relationships with their clients or students.

Should a sexual relationship develop or exist between an athlete and coach, Athletics Victoria will consider whether any action is necessary. Factors that may be relevant to consider are the age and maturity of the athlete relative to the coach, the financial or emotional dependence of the athlete on the coach, and the likelihood of the relationship having any adverse impact on the athlete and/or other athletes. If it is determined that the sexual relationship is inappropriate, action may be taken to stop the coaching relationship with the athlete. Action may include transfer, a request for resignation or termination from coaching duties.

In the event that an athlete attempts to initiate an intimate sexual relationship, the coach must take personal responsibility for discouraging such approaches, explaining the ethical basis for such action. The coach may wish to approach Athletics Victoria MPIO and/or CEO if they feel harassed. Our complaints procedure is outlined in Section C1 of this Policy.

The law is always the minimum standard for behaviour within Athletics Victoria and therefore sex with a person under the age of 16 is a criminal offence. Sex with persons between the ages of 16 and 18 can also be a criminal offence, in cases where authority or power exists over the younger person.

7.5 Pregnancy Policy

Athletics Victoria is committed to providing an inclusive sporting environment for pregnant women involved in its activities. Athletics Victoria expects everyone bound by this Policy to treat pregnant women with dignity and respect and to remove any unreasonable barriers to participation in our sport that disadvantage them. We will not tolerate any discrimination or harassment against pregnant women or women who may become pregnant.

Descriptions of some of the types of behaviour which could be regarded as pregnancy discrimination or harassment are provided in the Dictionary at clause 11.

If any person feels they are being harassed or discriminated against by another person or organisation bound by this Policy, please refer to our complaints procedure outlined in attachment C1 of this Policy. This will explain what to do about the behaviour and how Athletics Victoria will deal with the problem.

While many sporting activities are safe for pregnant women to participate in, there may be particular risks that apply to some women during pregnancy. Those risks will depend on the nature of the particular sporting activity and the particular pregnant woman's circumstances.

Athletics Victoria will take reasonable care to ensure the safety, health and wellbeing of pregnant women and their unborn children. We advise pregnant women that there may be risks involved and encourage them to obtain medical advice about those risks. Pregnant women should be aware that their own health and wellbeing, and that of their unborn children, are of utmost importance in their decision making about the extent and manner in which they participate in our sport.

We encourage all pregnant women to consult with their medical advisers, make themselves aware of the facts about pregnancy in sport, and ensure that they make informed decisions about participation in our sport.

We will only require pregnant women to sign a disclaimer if we require other participants to sign one in similar circumstances. We will not require women to undertake a pregnancy test.

7.6 Gender Identity Policy

Athletics Victoria is committed to providing an inclusive sporting environment where transgender people involved in its activities are able to contribute and participate. Athletics Victoria expects everyone who is bound by this Policy to treat people who identify as transgender fairly and with dignity and respect. We will not tolerate any unlawful discrimination or harassment against a person who identifies as transgender or who is thought to be transgender.

Descriptions of some of the types of behaviour which could be regarded as transgender or transsexual discrimination or harassment are provided in the Dictionary at clause 11.

If any person feels they are being harassed or discriminated against by another person or organisation bound by this Policy, please refer to our complaints procedure outlined in attachment C1 of this Policy. This will explain what to do about the behaviour and how Athletics Victoria will deal with the problem.

Athletics Victoria recognises that the exclusion of transgender people from participation in sporting events has significant implications for their health, well-being and involvement in community life. In general Athletics Victoria will facilitate transgender persons participating in our sport of the sex with which they identify.

Athletics Victoria also recognises there is debate over whether a male to female transgender person obtains any physical advantage over other female participants. This debate is reflected in the divergent discrimination laws across the country. If issues of performance advantage arise, Athletics Victoria will seek advice on the application of those laws in the particular circumstances.

Athletics Victoria is aware that the International Olympic Committee (IOC) has established criteria for selection and participation in the Olympic Games. Where a transgender person intends competing at an elite level, we will encourage them to obtain advice about the IOC's criteria which may differ from the position taken by Athletics Victoria.

Athletics Victoria notes that drug testing procedures and prohibitions also apply to people who identify as transgender. A person receiving treatment involving a Prohibited Substance or Method, as described on the World Anti-Doping Agency's Prohibited List, should apply for a standard Therapeutic Use Exemption.

7.7 Other relevant policies

Other relevant policies of Athletics Victoria can be found at <http://www.athsvic.org.au>. Some of the policies, which contribute to the welfare of all those involved in our activities include:

- Privacy Policy;

8. Complaints Procedures

8.1 Complaints

Athletics Victoria aims to provide an easy to use, confidential and trustworthy procedure for complaints based on the principles of natural justice. Any person may report a complaint (the Complainant) about a person/s or organisation (the Respondent) bound by this Policy if they reasonably believe that a person/s or a sporting organisation has breached this Policy. A complaint should be reported to the MPIO and/or CEO of Athletics Victoria.

In all cases, the lowest level at which a matter can be dealt with shall always be preferred (e.g. if the club can deal with the complaint, then it should).

A complaint may be reported as an informal or formal complaint. The complainant decides whether the complaint will be dealt with informally or formally unless MPIO and/or CEO of Athletics Victoria considers that the complaint falls outside the parameters of this Policy and would be better dealt with another way and/or the law requires the complaint/allegation be reported to an appropriate authority.

All complaints will be dealt with promptly, seriously, sensitively and confidentially. Our complaint procedures are outlined in attachment C1 of this Policy.

Individuals and organisations may also pursue their complaint externally under anti-discrimination, child protection, criminal or other relevant legislation.

8.2 Vexatious Complaints & Victimisation

Athletics Victoria aims to ensure our complaints procedure has integrity and is free of unfair repercussions or victimisation. If at any point in the complaint process the MPIO and/or CEO considers that a complainant has **knowingly** made an untrue complaint or the complaint is vexatious or malicious, the matter may be referred to Athletics Victoria's Appeals Tribunal for appropriate action which may include disciplinary action against either the Respondent or the Complainant.

Athletics Victoria will also take all necessary steps to make sure that people involved in a complaint are not victimised by anyone for coming forward with a complaint or for helping to sort it out. Disciplinary measures will be imposed on anyone who victimises another person for making a complaint.

8.3 Mediation

Athletics Victoria aims to sort out complaints expeditiously wherever possible. In many cases, complaints can be sorted out by agreement between the people involved with no need for disciplinary action. Mediation allows those involved to be heard and to come up with mutually agreed solutions.

The people involved in a formal complaint - the Complainant and the person complained about (Respondent) - may also seek the assistance of a neutral third person or a mediator. Lawyers are able to negotiate on behalf of the Complainant and/or Respondent.

Mediation may occur either before or after an investigation of a complaint. If a Complainant wishes to resolve the complaint with the assistance of a mediator, the MPIO and/or CEO will, in consultation with the Complainant, arrange for a neutral third party (mediator) to mediate the complaint. More information on the mediation process is outlined in attachment C2 of this Policy.

8.4 Tribunals

A hearings tribunal may be formed to hear a formal complaint that has been referred by CEO or, for an alleged breach of the Policy. Our Tribunal Procedure is outlined in Attachment C5. Refer to Athletics Victoria's By-Laws (specifically 6) for the tribunal hearings procedure/s.

A respondent may lodge one appeal only to the Appeal Tribunal in respect of a decision of a hearing tribunal. The decision of the appeal tribunal is final and binding on the people involved in the appeal.

Every organisation bound by this Policy will recognise and enforce any decision made by a Tribunal or Appeals Tribunal under this Policy.

9. What is a Breach of this Policy?

It is a breach of this Policy for any person or organisation to which this Policy applies, to do anything contrary to this Policy, including but not limited to:

- 9.1 Breaching the Code of Conduct and Role-Specific Codes of Conduct;
- 9.2 Bringing the sport and Athletics Victoria into disrepute or acting in a manner likely to bring the sport and Athletics Victoria into disrepute;
- 9.3 Failing to follow Athletics Victoria's policies (including this Policy) and procedures for the protection, safety and welfare of children;
- 9.4 Appointing or continuing to appoint a person to a role that involves working with children and young people contrary to this Policy;
- 9.5 Discriminating against or harassing or bullying (including cyber-bullying) any person;
- 9.6 Victimising another person for reporting a complaint;

- 9.10 Failing to comply with a penalty imposed after a finding that the individual or organisation has breached this Policy;
- 9.11 Failing to comply with a direction given to the individual or organisation during the discipline process; and
- 9.12 Verbally or physically assaulting another person, intimidating another person or creating a hostile environment within the sport.

10. Disciplinary Measures

If an individual or organisation to which this Policy applies breaches this Policy, one or more forms of discipline may be imposed. These may include making a verbal or written apology, paying a fine, being suspended or de-registered or having a person's appointment or employment terminated. More information

on the range of disciplinary measures and the factors that will be considered before imposing discipline is at attachment C6 of this Policy.

11. Dictionary

This Dictionary sets out the meaning of words used in this Policy and its attachments without limiting the ordinary and natural meaning of the words. State/Territory specific definitions and more detail on some of the words in this dictionary can be sourced from the relevant State/Territory child protection commissions or equal opportunity and anti-discrimination commissions.

Abuse is a form of harassment and includes physical abuse, emotional abuse, sexual abuse, neglect, and abuse of power. Examples of abusive behaviour include bullying, humiliation, verbal abuse and insults.

Affiliated club and specialist group means any organisation affiliated with Athletics Victoria.

Child means a person who is under the age of 18 years (see also definition of young person)

Child abuse involves conduct which puts children at risk of harm (usually by adults, sometimes by other children) and often by those they know and trust. It can take many forms. Children may be harmed by both verbal and physical actions and by people failing to provide them with basic care. Child abuse may include:

- Physical abuse by hurting a child or a child's development (e.g. hitting, shaking or other physical harm; giving a child alcohol or drugs; giving bad nutritional advice; or training that exceeds the child's development or maturity).
- Sexual abuse by adults or other children where a child is encouraged or forced to watch or engage in sexual activity or where a child is subject to any other inappropriate conduct of a sexual nature (e.g. sexual intercourse, masturbation, oral sex, pornography including child pornography or inappropriate touching or conversations).
- Emotional abuse by ill-treating a child (e.g. humiliation, taunting, sarcasm, yelling, negative criticism, name calling, ignoring or placing unrealistic expectations on a child).
- Neglect (e.g. failing to give food, water, shelter or clothing or to protect a child from danger or foreseeable risk of harm or injury).

CEO means the Chief Executive Officer of Athletics Victoria and with the guidance of the Board is authorised to represent Athletics Victoria.

Athletics Victoria means Athletics Victoria.

Complaint means a complaint made under clause C1 of this Policy.

Complainant means the person making a complaint.

Discrimination means treating or proposing to treat a person less favourably than someone else in certain areas of public life on the basis of an attribute or personal characteristic they have. The relevant attributes or characteristics include:

- Age;
- Disability;
- Marital status;
- Parental/carer status;
- Physical features;
- Political belief/activity;
- Pregnancy and breast feeding;
- Race;
- Religious belief/activity;
- Sex or gender;
- Sexual orientation;
- Trade union membership/activity;
- Social origin
- Irrelevant medical record

- Irrelevant criminal record
- Gendered identity

Discrimination is not permitted in the areas of employment (including volunteer and unpaid employment); the provision of goods and services; the selection or otherwise of any person for competition or a team (domestic or international); the entry or otherwise of any player or other person to any competition; obtaining or retaining membership of an organisation (including the rights and privileges of membership).

Requesting, assisting, instructing, inducing or encouraging another person to engage in discrimination may also be discriminatory conduct.

Examples of Discrimination

- **Age:** A club refuses to allow an older person to coach a team simply because of age.
- **Breastfeeding:** A member of the club who is breastfeeding a baby in the club rooms is asked to leave.
- **Disability:** A junior player is overlooked because of mild epilepsy.
- **Family responsibilities:** A club decides not to promote an employee because he has a child with a disability even though the employee is the best person for the job.
- **Gender Identity:** A transgender contract worker is harassed when employees refuse to call her by her female name.
- **Homosexuality:** An athlete is ostracised from her team after it becomes known that she is a lesbian.
- **Marital Status:** A player is deliberately excluded from team activities and social functions because she is single.
- **Pregnancy:** A woman is dropped from a squad when she becomes pregnant.
- **Race:** An Italian referee is not permitted to referee games with a high proportion of Italian players on one team because of his race.
- **Sex:** Specialist coaching is only offered to male players in a mixed team.

Discrimination may be direct or indirect. **Direct discrimination** is treating or proposing to treat someone less favourably because of a characteristic (such as race, sex, age etc.), in the same or similar circumstances. **Indirect discrimination** is imposing or intending to impose a requirement, condition or practice that is the same for everyone, but which has an unequal or disproportionate effect on particular individuals or groups.

Harassment is any type of behaviour that the other person does not want and does not return and that is offensive, abusive, belittling or threatening. The behaviour is unwelcome and of a type that a reasonable person would recognise as being unwelcome and likely to cause the recipient to feel offended, humiliated or intimidated.

Unlawful harassment includes the above but is either sexual or targets a person because of their race, sex, pregnancy, marital status, sexuality or other characteristic (see characteristic list under discrimination).

It does not matter whether the harassment was intended, the focus is on the impact of the behaviour i.e. the behaviour of harassment is determined from the point of view of the person receiving the harassment. The basic rule is if someone else finds it harassing then it could be harassment. Harassment may be a single incident or repeated. It may be explicit or implicit, verbal or non-verbal.

Discrimination and harassment are not permitted in employment (including volunteer and unpaid employment); when providing sporting goods and services including access to sporting facilities; when providing education and accommodation; the selection or otherwise of any person for competition or a team (domestic or international); the entry or otherwise of any player or other person to any competition and the obtaining or retaining membership of clubs and organisations (including the rights and privileges of membership).

Some exceptions to state and federal anti-discrimination law apply. Examples include:

- holding a competitive sporting activity for females only who are under 12 years of age or of any age where strength, stamina or physique is relevant or
- not selecting a participant if the person's disability means he or she is not reasonably capable of performing the actions reasonably required for that particular sporting activity.

Requesting, assisting, instructing, inducing or encouraging another person to engage in discrimination or harassment may also be against the law.

It is also a breach of discrimination law to victimise a person who is involved in making a complaint of discrimination or harassment. Example: a player is ostracised by her male coach for complaining about his sexist behaviour or for supporting another player who has made such a complaint.

Public acts of racial hatred which are reasonably likely to offend, insult, humiliate or intimidate are also prohibited. This applies to spectators, participants or any other person who engages in such an act in public. Some states and territories also prohibit public acts that vilify on other grounds such as homosexuality, gender identity, HIV/AIDS, religion and disability – see vilification.

Junior means a person under the age of eighteen (18) years who is participating in an activity of Athletics Victoria.

Mediator means a person appointed to mediate complaints made under this Policy. It is preferable that the mediator has relevant skills, qualifications and/or training in mediation. This person must be impartial and neutral.

Member means clubs and or Athletics Victoria s affiliated with Athletics Victoria Limited. It also includes athletes, coaches, office holders and officials who are registered with the affiliated club and or Athletics Victoria.

Member protection is a term used by the Australian sport industry to describe the practices and procedures that protect members – both individual members such as athletes, coaches and officials, and the member organisations such as clubs, specialist groups and event organisers. Member protection involves:

- Protecting those that are involved in sport activities from harassment, abuse, discrimination and other forms of inappropriate behaviour
- Adopting appropriate measures to ensure the right people are involved in an organisation, particularly in relation to those involved with juniors, and
- Providing education.

Member Protection Information Officer (MPIO) means a person trained to be the first point of contact for a person reporting a complaint under, or a breach of, this Policy.

Natural justice (also referred to as procedural fairness) incorporates the following principles:

- Both the Complainant and the Respondent must know the full details of what is being said against them and have the opportunity to respond
- All parties need to be heard and all relevant submissions considered
- Irrelevant matters should not be taken into account
- No person may judge their own case
- The decision maker/s must be unbiased, fair and just
- The penalties imposed must not outweigh the 'crime'

Police check means a national criminal history record check conducted as a prudent pre-employment or pre-engagement or current employment background check on a person.

Policy and **this Policy** mean this Member Protection Policy.

Respondent means the person who is being complained about.

Role-specific codes of conduct means standards of conduct required of certain roles (e.g. coaches).

Sexual harassment means unwanted, unwelcome or uninvited behaviour of a sexual nature, which makes a person, feel humiliated, intimidated or offended. Sexual harassment can take many different forms and may include unwanted physical contact, verbal comments, jokes, propositions, display of pornographic or offensive material or other behaviour that creates a sexually hostile environment.

Sexual harassment is not behaviour based on mutual attraction, friendship and respect. If the interaction is between consenting adults, it is not sexual harassment.

Sexual offence means a criminal offence involving sexual activity or acts of indecency including but not limited to (due to differences under state/territory legislation):

- Rape
- Grooming
- Indecent assault
- Sexual assault
- Assault with intent to have sexual intercourse
- Incest

- Bestiality
- Soliciting acts of sexual penetration or indecent acts
- Promoting or engaging in acts of child prostitution
- Obtaining benefits from child prostitution
- Possession of child pornography
- Publishing child pornography and indecent articles.

Transgender is a general term applied to individuals and behaviours that differ from the gender role commonly, but not always, assigned at birth. It does not imply any specific form of sexual orientation.

Victimisation means subjecting a person or threatening to subject a person to any detriment or unfair treatment because that person has or intends to pursue their rights to make a complaint under government legislation (e.g. anti-discrimination) or under this Policy, or for supporting such a person.

Vilification involves a person or organisation doing public acts to incite hatred towards, serious contempt for, or severe ridicule of a person or group of persons having any of the attributes or characteristics within the meaning of discrimination. Public acts that may amount to vilification include any form of communication to the public and any conduct observable by the public.

Young People/person means people in the 13 – 18-year age group.

MEMBER PROTECTION POLICY

Part B

SCREENING/WORKING WITH CHILDREN CHECK REQUIREMENTS

Background

Child Protection is about keeping children safe from harm/abuse and protecting them from people who are unsuitable to work with children. Child abuse is illegal in all states and territories of Australia, with each having their own child protection laws that cover the reporting and investigation of cases of child abuse.

As part of Athletics Victoria's commitment to protecting the safety and welfare of children and young people involved in Athletics Victoria's activities, Athletics Victoria requires the following measures to be met.

Provide opportunities for juniors to contribute to and provide feedback on program development;

Provide education and/or information on child abuse and child protection to those involved in our sport such as coaches, juniors and officials; and

Working with Children Check (WWCC) laws aim to prevent people who pose a risk from working with children as paid employees or volunteers. In Victoria laws require individuals involved in areas such as sport and recreation to undertake a check to determine their suitability to work (in a paid or volunteer capacity) with children. This is done by checking certain criminal history and other matters and involves reviewing relevant findings from disciplinary proceedings. There are also requirements placed on organisations.

Please be aware that state and territory WWCC requirements may also apply to individuals who visit states with screening laws. For example, if a state Athletics Victoria or club takes players U18 into Victoria for training camps, competition or other activities, those travelling with the teams must comply with Victorian law.

The state WWCC requirements apply regardless of our national, state or club Member Protection Policy.

Working with Children Requirements in Victoria

Attachment B1: WORKING WITH CHILDREN - CHILD PROTECTION REQUIREMENTS

The following information was updated in July 2020. It is subject to change at any time.

VICTORIA

From the Working with Children Check website,

The Working with Children Check is just one part of creating and maintaining a child-safe environment. It's an organisation's [and clubs] responsibility to ensure that their workers [and volunteers] doing child-related work hold a Check, or the organisation may otherwise be committing an offence.

It is important to note, however, that organisations that provide services or facilities for children, or employ children to provide goods or services-whether paid or unpaid- usually must comply with the Child Safe Standards that were introduced as part of the Victorian Government's response to the Betrayal of Trust Inquiry and have been recommended by the Royal Commission into Institutional Responses to Child Sexual Abuse. These are compulsory minimum standards under the *Child Wellbeing and Safety Act 2005*. The standards help to keep children safe and protect them from harm and abuse.

Specific organisations must also comply with the reportable conduct scheme requirements that came into effect on 1 July 2017. For more information, visit the Commission for Children and Young People website.

PART C

COMPLAINT HANDLING PROCEDURES

To ensure consistency and that the principles of natural justice are followed in all aspects of handling or conducting complaints, allegations, investigations, tribunals and disciplinary measures, Athletics Victoria will follow and implement the following procedures:

C1 Complaints Procedure;

C2 Mediation;

C3 Investigation Process;

C4 Procedure for Handling Allegations of Child Abuse;

C5 Hearings and Appeals Tribunal Procedure; and

C6 Disciplinary Measures.

Attachment C1: COMPLAINTS PROCEDURE

A complaint can be about an act, behaviour, omission, situation or decision that someone thinks is unfair, unjustified, unlawful and/or a breach of this policy. Complaints will always vary. They may be about individual or group behaviour; they may be extremely serious or relatively minor; they may be about a single incident or a series of incidents; and the person about whom the allegation is made may admit to the allegations or emphatically deny them.

Given all of the variables that can arise, Athletics Victoria provides a step-by-step complaint procedure that people may use/enter at any stage. Individuals and organisations to which this policy applies may also pursue their complaint externally under anti-discrimination, child-protection or other relevant legislation.

Where the CEO receives a complaint either orally or in writing from a minor, the CEO will offer such assistance as reasonably necessary to that minor to formulate the complaint and will advise the complainant's parent or guardian prior to any further action being taken under this Policy.

If at any point in the complaint process the MPIO and/or the CEO considers that a complainant has **knowingly** made an untrue complaint or the complaint is vexatious or malicious, the matter will be referred to Athletics Victoria's Appeals Tribunal for appropriate action. All complaints will be kept confidential and will not be disclosed to another person without the complainant's consent except if law requires disclosure or if disclosure is necessary to effectively deal with the complaint.

If you wish to remain anonymous, Athletics Victoria may have difficulty assisting you to resolve your complaint. Procedural fairness (natural justice) means that Athletics Victoria is required to provide the person/people you have complained about with full details of the complaint, so they have a fair chance to respond.

INFORMAL APPROACHES

Step 1: Talk with the other person (where this is reasonable and appropriate)

As a first step you (the complainant) should try to sort out the problem with the person or people involved respondent(s) if you feel able to do so.

Step 2: Contact a Member Protection Information Officer (MPIO) or CEO

Talk with one of Athletics Victoria's MPIOs and/or CEO if:

- the first step is not possible/reasonable; or
- you are not sure how to handle the problem by yourself; or
- you just want to talk confidentially about the problem with someone and obtain more information about what you can do; or
- the problem continues after you tried to approach the person or people involved.

The MPIO will:

- take notes about your complaint (which the MPIO will keep in a secure and confidential place);
- try to sort out the facts of the problem;
- ask what outcome/how you want the problem resolved and if you need support;
- provide possible options for you to resolve the problem;
- explain how our complaints procedure works;
- act as a support person if you so wish;
- refer you to an appropriate person (e.g. mediator) to help you resolve the problem, if necessary;
- inform the relevant government authorities and/or police if required by law to do so; and
- maintain strict confidentiality.

Step 3: Outcomes from Initial Contact

After talking with the MPIO, you may decide:

- there is no problem;

- the problem is minor, and you do not wish to take the matter forward;
- to try and work out your own resolution (with or without a support person such as a MPIO); or
- to seek an informal mediated resolution with the help of a third person (such as a mediator);
- to seek a formal approach

FORMAL APPROACHES

Step 4: Making a Formal Complaint

If your complaint is not resolved or informal approaches are not appropriate or possible, you may:

- make a formal complaint in writing to the club appointed complaint handler or similar (committee position);
or
- approach a relevant external agency such as an anti-discrimination commission, for advice.

On receiving a formal complaint and based on the material you have provided, the club appointed complaint handler will decide whether:

- they are the most appropriate person to receive and handle the complaint;
- the nature and seriousness of the complaint warrants a formal resolution procedure. Some complaints may be of a minor and/or purely personal nature with no connection to the activities of Athletics Victoria. In these cases, the complaint handler may determine that the complaint does not warrant a formal resolution procedure;
- to appoint a person to investigate (gather more information on) the complaint;
- to refer the complaint to an informal or formal mediation session;
- to refer the complaint to a hearings tribunal;
- to refer the matter to the police or other appropriate authority; and/or
- to implement any interim administrative or other arrangements that will apply until the complaint process set out in these Procedures is completed.

In making the decision(s) outlined above, the complaint handler will take into account:

- whether they have had any personal involvement in the circumstances which means that someone else should handle the complaint;
- whether, due to the nature of the complaint, specific expertise or experience may be required to manage the complaint;
- your wishes, and the wishes of the respondent, regarding the manner in which the complaint should be handled;
- the relationship between you and the respondent (for example an actual or perceived power imbalance between you and the respondent).
- the nature of any ongoing working relationship between you and the respondent, and the personal attributes of you and the respondent (for example, if one party does not speak English fluently, some of the possible complaints resolution mechanisms may not be appropriate);
- the nature and sensitivity of any information or other material that must be provided by you, the respondent, and any of the other people involved in the complaint;
- whether the facts of the complaint are in dispute; and
- the urgency of the complaint, including the likelihood and the consequences (if the complaint is ultimately proven) that you will be subject to further unacceptable behaviour while the complaint process set out in these Procedures is being conducted.

If the club appointed complaint handler is the appropriate person to handle the complaint they will, to the extent that these steps are necessary:

- get full information from you (the complainant) about your complaint and how you want it resolved (if this information has not already been obtained through earlier steps);
- put the information they've received from you to the person/people you're complaining about and ask them to provide their version of events;

- decide whether they have enough information to determine whether the matter alleged in your complaint did or didn't happen; and/or
- determine what, if any, further action to take. This action may include disciplinary action in accordance with Attachment C6.

Step 5: Investigation of the Complaint

- A person appointed under **Step 4**, will conduct an investigation and provide a written report to the club appointed complaint handler or the committee, who will determine what, if any, further action to take. This action may include a direction to the investigator to make further enquiries and obtain additional information, disciplinary action in accordance with Attachment C6, and referring the complaint to an informal or a formal mediation session, a hearings tribunal and/or the police or other appropriate authority;
- If the complaint is referred to an informal or a formal mediation session under **Step 4**, the mediation session will be conducted in accordance with Attachment C2 or as otherwise agreed by you and the respondent;
- If the complaint is referred to a hearings tribunal under **Step 4**, the hearing will be conducted in accordance with Attachment C5;
- If the complaint is referred to the police or other appropriate authority under **Step 4**, Athletics Victoria will use its best endeavours to provide all reasonable assistance lawfully required by the police or other appropriate authority; and
- If interim administrative or other arrangements are implemented under **Step 4**, Athletics Victoria will periodically review these arrangements to ensure that they are effective.

Step 6: Reconsideration of Initial Outcome/Investigation or Appeal

If, under **Step 5**, an informal or formal mediation session is conducted, and you and the respondent(s) cannot reach a mutually acceptable mediated solution to the complaint, you may request that Athletics Victoria are involved to undertake an investigation into the complaint. An appropriate AV staff member may include: the CEO, the General Manager of Community Engagement, The Business Development Leader or the Recreational Running Manager. These individuals may reconsider the complaint in accordance with **Step 4**.

You or the respondent(s) may be entitled to appeal where:

- under **Step 4**, a decision was made by the complaint handler:
 - not to take any action; or
 - to take disciplinary action; or
- under **Step 5**, a decision was made by the complaint handler or a hearings tribunal:
 - not to take any action; or
 - to take disciplinary action.

The grounds for appeal and the process for appeals under this Policy are set out in Attachment C5.

If the internal complaints processes set out in this Policy do not achieve a satisfactory resolution/outcome for you, or if you believe it would be impossible to get an impartial resolution within Your club, you may choose to escalate this complaint to Athletics Victoria. If you believe that it would be impossible to get an impartial decision from within Athletics Victoria, you may choose to approach an external agency such as an anti-discrimination commission to assist with a resolution.

Step 7: Documenting the Resolution

The complaint handler will document the complaint, the process followed and the outcome. This document will be stored in a confidential and secure place. If the complaint was dealt with at a state/district level, the information will be stored in the state Athletics Victoria office. If the matter is of a serious nature, or if the matter was escalated to and/or dealt with at the national level, the original document will be stored at the national office with a copy stored at the state office.

External Approaches

There may be a range of external options available depending on the nature of your complaint. If you feel that you have been harassed or discriminated against, you can seek advice from your State or Territory anti-discrimination commission without being obliged to make a formal complaint. If the commission advises you that the problem appears to be a type of harassment within its jurisdiction, you may then make a decision as to whether or not to lodge a formal complaint with the commission.

Once a complaint is received by an anti-discrimination commission, an investigation will be conducted. If it appears that unlawful harassment or discrimination has occurred, there will usually be an attempt to conciliate the complaint confidentially first. If this fails, or is inappropriate, the complaint may go to a formal hearing where a finding will be made. The tribunal will decide upon what action, if any, will be taken. This could include financial compensation for such things as distress, lost earnings or medical and counselling expenses incurred.

If you do lodge a complaint under anti-discrimination law, you may use an appropriate person (e.g. The CEO and/or an MPIO) as a support person throughout the process. It is also common to have a legal representative, particularly at the hearing stage of a complaint.

You could also approach another external agency such as the police.

Attachment C2: MEDIATION

Mediation is a process during which people in conflict can be helped to communicate with each other to identify the areas of dispute and to make decisions about resolving it.

This attachment outlines the general procedure of mediation that will be followed by Athletics Victoria.

1. The people involved in a formal complaint (complainant and respondent(s)) may work out their own resolution of the complaint or seek the assistance of a neutral third person or a mediator. Mediation may occur either before or after an investigation of the complaint.
2. Mediation (getting those involved to come to a joint agreement about how the complaint should be resolved) will only be recommended:
 - a. After the complainant and respondent have had their chance to tell their version of events to the complaint handler on their own;
 - b. The complaint handler does not believe that any of the allegations warrant any form of disciplinary action - proven serious allegations will not be mediated, no matter what the complainant desires; and
 - c. Mediation looks like it will work (i.e. the versions given by the complainant and respondent tally or almost tally and/or at the very least, it looks as though it will be possible for each party to understand the other party's point of view).
3. Mediation will **not** be recommended if:
 - a. The respondent has a completely different version of the events and they won't deviate from these;
 - b. The complainant or respondent are unwilling to attempt mediation;
 - c. Due to the nature of the complaint, the relationship between you and the respondent(s) and any other relevant factors, the complaint is not suitable for mediation; or
 - d. The matter involves proven serious allegations, regardless of the wishes of the complainant.
4. If mediation is chosen, Athletics Victoria (in consultation with the complainant and the respondents) can provide the names of mediation services that can be used to facilitate mediation.
5. The complaint handler will notify the respondent(s) that a formal complaint has been made provide them with details of the complaint and notify them that they have decided to refer the matter to mediation to resolve the complaint.
6. The mediator's role is to assist the complainant and respondent(s) reach an agreement on how to resolve the problem. The mediator, in consultation with the complainant and respondent(s), will choose the procedures to be followed during the mediation. At a minimum, an agenda of issues for discussion will be prepared by the mediator.
7. The mediation will be conducted confidentially and without prejudice to the rights of the complainant and the respondent(s) to pursue an alternative process if the complaint is not resolved.
8. At the end of a successful mediation the mediator will prepare a document that sets out the agreement reached between the complainant and respondent(s) and it will be signed by them as their agreement.
9. If the complaint is not resolved by mediation, the complainant may:
 - a. Write to the club committee or affiliated complaint handler to request that they reconsider the complaint in accordance with **Step 4**; *or*
 - b. Approach an external agency such as an anti-discrimination commission.

Attachment C3: INVESTIGATION PROCESS

If an investigation needs to be conducted the following steps are to be followed:

1. A written brief will be provided to the investigator to ensure the terms of engagement and scope of the investigator's role and responsibilities are clear. The investigator will:
 - 1.1. Interview the complainant and record the interview in writing.
 - 1.2. Convey full details of the complaint to the respondent(s) so they can respond.
 - 1.3. Interview the respondent(s) to allow them to answer the complaint and record the interview in writing.
 - 1.4. Obtain statements from witnesses and other relevant evidence to assist in a determination, if there is a dispute over the facts.
 - 1.5. Make a finding as to whether the complaint is:
 - substantiated (there is sufficient evidence to support the complaint);
 - inconclusive (there is insufficient evidence either way);
 - unsubstantiated (there is sufficient evidence to show that the complaint is unfounded); and/or
 - mischievous, vexatious or knowingly untrue.
 - 1.6. Provide a report documenting the complaint, investigation process, evidence, and finding and, if requested, recommendations will be given to the complaint handler.
2. Provide a report documenting the complaint and summarising the investigation process and key points that were found to be substantiated, inconclusive, unsubstantiated and/or mischievous will be provided to the complainant and the respondent(s).
3. Both the complainant and the respondent(s) are entitled to support throughout this process from their chosen support person/adviser (e.g. the CEO, MPIO or other person).
4. The complainant and the respondent(s) may have the right to appeal against any decision based on the investigation. Information on our appeals process is in Attachment C5.

More detailed information on conducting internal investigations can be found at <http://www.ausport.gov.au>

Attachment C4: – PROCEDURE FOR HANDLING ALLEGATIONS OF CHILD ABUSE

An allegation of child abuse is a very serious matter and must be handled with a high degree of sensitivity. It is not the responsibility of anyone working in Athletics Victoria in a paid or unpaid capacity to decide whether or not child abuse has taken place. However, there is a responsibility to act on any concerns by reporting these to the appropriate authorities. The following outlines the key steps to follow. More information can be obtained from State or Territory government agencies.

Step 1 - Initial Receipts of an Allegation

Any complaints, concerns or allegations of child abuse should be made or referred to the CEO and/or an MPIO.

The initial response of the person that receives the complaint from the child (or person on behalf of the child) is crucial to the well-being of the child. It is important for the person receiving the information to:

- Stay calm;
- Listen to, be supportive and do not dispute what the child says;
- Reassure the child that what has occurred is not the fault of the child;
- Ensure the child is safe;
- Be honest with the child and explain that other people may need to be told in order to stop what is happening; and
- Ensure that what the child says is quite clear but do not elicit detailed information, offer an opinion or ask leading questions.
- Act promptly to accurately record the discussion in writing;
- Do not discuss the details with any person other than those detailed in these procedures; and
- Do not contact the alleged offender.

The person receiving the complaint should obtain and clarify basic details (if possible) such as:

- Child's name, age and address;
- Person's reason for suspecting abuse (observation, injury or other); and
- Names and contact details of all people involved, including witnesses.

Step 2 – Report allegations

- Immediately report any allegation or disclosure of child abuse or situation involving a child at risk of harm, to the police and/or government child protection agency. You may need to report to both.
- Contact the relevant child protection agency or police for advice if there is **any** doubt about whether the complaint should be reported (for example, the allegation may relate to poor/inappropriate practice).
- If the child's parent/s are suspected of committing the abuse, report the allegation to the relevant government agency.
- If the allegation involves anyone to whom our policy applies, then also report the allegation to the CEO of Athletics Victoria so that they can manage the situation (e.g. contact the parents following advice from the authorities, deal with any media enquiries and manage steps 3 and 4).

Step 3 – Protect the Child and Manage the Situation

- The CEO and/or MPIO should assess the risks and take interim action to ensure the child's/children's safety. Some options could include redeployment of the alleged offender to a non-child related position, supervision of the alleged offender or removal/suspension from their duties until the allegations are finally determined.
- The CEO and MPIO will consider the kind of support that the child/ren and parents may need (e.g. counselling, helplines, support groups).
- The CEO and MPIO will address the support needs of the alleged offender.

- The CEO and MPIO will also put in place measures to protect the child and the person against whom the complaint is made from victimisation and gossip. If the person is stood down, it should be made clear to any persons aware of the incident that this does not mean the respondent is guilty and a proper investigation will be undertaken.

Step 4 – Internal Action

- Where there is an allegation made against a person to whom this policy applies, there may be three types of investigations:
 - Criminal (conducted by police)
 - Child protection (conducted by child protection authority)
 - Disciplinary or misconduct (conducted by Athletics Victoria)
- Irrespective of the findings of the child protection and/or police inquiries, Athletics Victoria will assess the allegation to decide whether the person should be reinstated, banned, have their employment or position terminated or any other action.
- The decision-maker(s) will be the CEO, Tribunal and/or Appeals Tribunal of Athletics Victoria and it will consider all the information, including the findings of the police, government agency and/or court, and determine a finding, recommend action and explain its rationale for the action. This may be a difficult decision particularly where there is insufficient evidence to uphold any action by the police.
- If disciplinary action is to be taken, the procedures outlined in Attachment C6, of the policy will be followed.
- If disciplinary action is taken, Athletics Victoria will advise and provide a report to the relevant government authority should this be required.

For allegations of a serious or criminal nature (for example, sexual abuse):

- Seek advice from the police and relevant government agencies as to whether Athletics Victoria should carry out its own internal investigation (in addition to any police or relevant government agency investigation).
- If the police and/or relevant government agency advises that it is appropriate, then appoint an independent person (where possible) with appropriate expertise to conduct an investigation. The investigator should:
 - Contact the parents/carers of the child at an appropriate time and as directed by the police or relevant government agency;
 - If appropriate, meet with parents/carers and the child to clarify the incident and offer support on behalf of Athletics Victoria if required (example, professional counselling);
 - Meet with the person against whom the allegation refers at an appropriate time and as directed by the relevant authority and give the person an opportunity to explain or respond to the allegation and identify any witnesses and supporting evidence. The person should have an opportunity to invite a support person/adviser to attend at a meeting and should be offered support (example, professional counselling) if necessary;
 - Obtain a signed statement and record of interview from the person;
 - Make contact with any witnesses and obtain written and signed statements outlining details of the allegation (what happened, when, how). This should only occur following advice from the relevant authority; and
 - Obtain other information that could assist in making a decision on the allegation.
- The information collected during the investigation should be made available to the relevant authorities.
- Strict confidentiality, impartiality, fairness and due process must be maintained at all times.

For allegations of a less serious nature (e.g. verbal abuse):

- Where possible, appoint an independent person with appropriate expertise to make contact and meet with each of the people involved to obtain details of the allegation.
- The investigator should follow the procedure set out in Attachment C3.

- Strict confidentiality, impartiality, fairness and due process must be maintained at all times.

Step 5 – Record and analyse all information

- If an internal investigation was conducted under **Step 4**, the investigator will provide a report to the CEO.
- The decision-maker(s) will be the CEO of the NSO and will remain separate and at arm's length from the investigator.
- The CEO will consider all the information and determine a finding. It will also recommend action and its rationale for the action.

Step 6 – Undertake disciplinary action

- For incidents of a serious or criminal nature, consideration must be given to the findings of the police and/or the government agency before making a decision on disciplinary proceedings.
- If disciplinary action is to be taken, follow the procedures outlined in Attachment C6 of the policy.
- Implement any disciplinary decision recommended by the CEO. The action should be immediate.
- Check with the relevant state government authority to see if you need to forward a report.
- Complete the relevant report form in Part E of this policy. Retain the original in a secure place and forward a copy to the CEO of Athletics Victoria.

Attachment C5: HEARINGS & APPEALS TRIBUNAL PROCEDURE

These procedures must be read in conjunction with Athletics Victoria's Constitution and By-Laws and if a conflict occurs between this document and the abovementioned, Athletics Victoria's Constitution and By-Laws will take precedence. The following Tribunal Hearing Procedure will apply to hearings tribunals established by Athletics Victoria:

Preparation for Tribunal Hearing

1. A Tribunal Panel will be constituted following the rules outlined in Athletics Victoria's Constitution, to hear a complaint that has been referred to it by the CEO.
2. The CEO will organise for a Tribunal to be convened by notifying the Tribunal Panel members that they are required to hear a complaint. The Tribunal Panel members will be provided with a copy of all the relevant correspondence, reports or information received and sent by the CEO relating to the complaint/allegations.
3. The Tribunal Hearing will be scheduled as soon as practicable but must allow adequate time for the person being complained about (respondent(s)) to prepare their case for the hearing.
4. The number of Hearing Tribunal Panel members required to be present throughout the Tribunal Hearing Process will be minimum of three (3) persons.
 - 4.1 The Tribunal Panel will not include any person who has any actual or perceived conflict of interest, preconceived opinions, vested interests or personal involvement relating to the complaint.
 - 4.2 The Tribunal Panel will comprise at least one person who has knowledge, and preferably experience, of any relevant laws relating to the complaint (e.g. anti-harassment).
 - 4.3 If a member of the Tribunal Panel cannot continue once the Tribunal Hearing has commenced, and the minimum number required for the Tribunal Hearing is still maintained, the discontinuing member will not be replaced.
 - 4.4 If the specific or minimum number is not maintained, the discontinuing member may be replaced if it is considered appropriate by the Tribunal Chairperson. Factors to consider should include the circumstances of the complaint and the ability of the new Tribunal Panel member to be reasonably and impartially informed of the hearing evidence up until the time of their appointment. If the Tribunal Chairperson believes it is not appropriate for a new Tribunal Panel member to be appointed, then the Tribunal will be rescheduled to a later date. The Tribunal Chairperson will inform the CEO of the need to reschedule, and the CEO will organise for the Tribunal Hearing, with a new Tribunal Panel to be reconvened.
5. The CEO will inform the respondent(s) by written notification that a tribunal hearing will take place. The written notification will outline:
 - That the person has a right to appear at the tribunal hearing to defend the complaint/allegation;
 - Details of the complaint, including any relevant rules or regulations they are accused of breaching (if there is more than one complaint these should be set out separately);
 - The date, time and venue of the tribunal hearing;
 - That they can make either verbal or written submissions to the Tribunal;
 - That they may arrange for witnesses to attend the Tribunal in support of their position (statutory declarations of witnesses not available or from character witnesses may also be provided to the Tribunal);
 - An outline of any possible penalties that may be imposed if the complaint is found to be true; and
 - If the respondent is considered a minor, they have a parent or guardian present.

A copy of any information / documents that have been given to the Tribunal (e.g. investigation report findings) will also be provided to the respondent.

The respondent(s) will be allowed to participate in all Athletics Victoria's activities and events, pending the decision of the Tribunal, including any available appeal process, unless the CEO believes it is warranted to exclude the respondent(s) from all or some Athletics Victoria's activities and events, after considering the nature of the complaint.

6. The CEO will inform the person making the complaint (complainant) by written notification that a tribunal hearing will take place. The written notification will outline:
 - That the person has a right to appear at the tribunal hearing to support their complaint;
 - Details of the complaint, including any relevant rules or regulations they are accused of breaching (if there is more than one complaint these should be set out separately);
 - The date, time and venue of the tribunal hearing;
 - That they can make either verbal or written submissions to the Tribunal;
 - That they may arrange for witnesses to attend the Tribunal in support of their position (or provide statutory declarations from witnesses unable to attend); and
 - If complainant is considered a minor, they have a parent or guardian present.
 - A copy of any information / documents that have been given to the Tribunal (e.g. investigation report findings) will also be provided to the complainant.
7. If the complainant believes the details of the complaint are incorrect or insufficient they should inform the CEO as soon as possible so that the respondent and the Tribunal Panel members can be properly informed of the complaint.

Tribunal Hearing Procedure

8. The following people will be allowed to attend the Tribunal Hearing:
 - The Tribunal Panel members;
 - The respondent(s);
 - The complainant;
 - Any witnesses called by the respondent;
 - Any witnesses called by the complainant;
 - Any parent / guardian or support person required to support the respondent or the complainant;
 - Any legal representative or interpreter (if appropriate) as per Athletics Australia's By-Law 6.6(8).
9. The Tribunal Chairperson will call the hearing to order at the designated time and determine if the respondent(s) is present.
10. If the respondent(s) is not present and the Tribunal Chairperson considers that no valid reason has been presented for their absence, the Tribunal Hearing will continue subject to the Tribunal Chairperson being satisfied that all Tribunal notification requirements have been carried out correctly.
11. If the Tribunal Chairperson considers that a valid reason for the non-attendance of the respondent(s) is presented, or the Tribunal Chairperson does not believe the Tribunal notification requirements have been carried out correctly, then the Tribunal Hearing will be rescheduled to a later date.
12. The Tribunal Chairperson will inform the CEO of the need to reschedule, and the CEO will organise for the Tribunal Hearing to be reconvened.
13. The Tribunal Chairperson will read out the complaint that is to be judged, ask the respondent(s) if they understand the complaint being made against them, and if they agree or disagree with the complaint.
14. If the person agrees with the complaint, they will be asked to provide any evidence or witnesses that should be considered by the Tribunal Panel when determining any disciplinary measures.
15. If the person disagrees with the complaint, the complainant will be asked to describe the circumstances that lead to the complaint being made.
 - Brief notes may be referred to.
 - The complainant may be allowed to call witnesses.
 - The respondent(s) may be allowed to question the complainant and their witnesses.

16. The respondent(s) will then be asked to respond to the complaint.
 - Brief notes may be referred to.
 - The respondent may be allowed to call witnesses.
 - The complainant may be allowed to ask questions of the respondent and their witnesses.
17. Both the complainant and respondent may be present when evidence is presented to the Tribunal. Witnesses may be asked to wait outside the Tribunal Hearing until required.
18. The Tribunal may:
 - consider any evidence, and in any form, that it deems relevant;
 - question any person giving evidence;
 - limit the number of witnesses presented to those who provide any new evidence;
 - require the attendance of any witness it deems relevant; and
 - act in an inquisitorial manner in order to establish the truth of the issue/case before it.
19. Video evidence, if available, may be presented. The arrangements must be made entirely by the person/s wishing to offer this type of evidence.
20. If the Tribunal considers that at any time during the Tribunal Hearing that there is any unreasonable or intimidatory behaviour from anyone, the Tribunal Chairperson may stop any further involvement of the person in the hearing.
21. After all of the evidence has been presented the Tribunal Panel will make its decision in private. The Tribunal must decide whether the complaint has been substantiated on the balance of probabilities (i.e. more probable than not). As the seriousness of the allegations increases, so too must the level of satisfaction of the Tribunal that the complaint has been substantiated. The respondent will then be given an opportunity to address the Tribunal on any disciplinary measures that may be imposed. Any disciplinary measure imposed must be reasonable in the circumstances.
22. All decisions made by the Tribunal will be based on a majority vote.
23. The Tribunal Chairperson will announce the decision in the presence of all those involved in the hearing and will declare the hearing closed or may advise those present that the decision is reserved and will be handed down in written form.
24. Within 48 hours, the Tribunal Chairperson will:
 - 24.1 Forward to the CEO a copy of the tribunal decision including any disciplinary measures imposed.
 - 24.2 Forward a letter to the respondent(s) reconfirming the Tribunals decision and any disciplinary measures imposed. The letter should also outline, if allowed, the process and grounds for an appeal. Where the matter is of unusual complexity or importance, the Tribunal Chairperson may inform the parties in writing within 48 hours that the decision will be delayed for a further 48 hours.

Appeals Procedure

25. A complainant or a respondent(s) who is not satisfied with a decision described in **Step 6** of the Complaints Procedures can lodge one appeal to Athletics Victoria on one or more of the following bases:
 - 25.1 That a denial of natural justice has occurred; or
 - 25.2 That the disciplinary measure(s) imposed is unjust and/or unreasonable.
26. A person wanting to appeal in accordance with paragraph 25 must lodge a letter stating their intention and the basis for their appeal with the CEO within 14 days of the relevant decision. Please refer to Athletics Victoria's By-Laws, for appeals application fees.
27. If the letter of appeal is not received by the CEO within the relevant time period, the right of appeal will lapse. If the letter of appeal is received but the appeal fee is not received by the relevant time, the appeal shall be deemed to be withdrawn.

28. Upon receipt of the letter of appeal, the CEO must convene a special meeting of Athletics Victoria's Appeal Tribunal to review the letter of appeal and decide whether there are sufficient grounds for the appeal to proceed. Athletics Victoria's Appeal Tribunal will be able to invite any witnesses to the meeting it believes are required to make an informed decision.
29. If it is considered that the letter of appeal has not shown sufficient grounds for appeal in accordance with paragraph 25, then the appeal will not proceed, and the person will be notified of this decision and the reasons for this decision. The appeals fee will only be refunded at the discretion of the Appeals Tribunal.

Introduction

All the Company employees must be familiar with the Company's Employee Code of Conduct. The Code is provided to assist employees in understanding what is expected of employees as employees carry out their responsibilities at the Company. *We expect that our partners, associates and consultants will be guided by this Code as well.*

Our principles form the basis for the ethical standards, which are spelled out in the Code. They are: *integrity, respect, responsibility, excellence, teamwork, improvement & innovation and goal orientated behaviour.*

Integrity: honesty and ethical behaviour are critically important in everything that an employee does.

Respect: employees show respect for one another by treating everyone with dignity and fairness.

Responsibility: employees are accountable for their actions and honour their commitments.

Excellence: employees will excel at everything they do and will strive for the highest standards of quality to achieve the vision of a united athletics organisation.

Teamwork: employees work together as a team in a spirit of respect for others and the worth of their contribution.

Improvement & Innovation: employees constantly seek to find a new and better way.

Goal Orientated Behaviour: employees set challenging targets that employees strive to meet at all times.

The Code does not cover every situation that employees may encounter as employees perform their job. It should, however, serve as a guide for their behaviour with people outside the Company as well as with fellow employees. If employees are unsure about how to handle a situation, contact their manager or the Company CEO.

All employees are faced with ethical questions from time to time in their business conduct. In resolving these questions, employees should consider these basic questions:

- What guidance does the Code provide?
- If their conduct were reported on the front page of the newspaper, would they be comfortable with their decision?
- How would they feel if the conduct or actions were directed at them?
- What would their manager, co-workers and my family think of their conduct?

The consequences of unethical behaviour can be serious to the organisation and to employees personally.

Workplace Practices

The Company will meet its business objectives by employing people with the right skills. Creativity is nurtured when people constructively seek the best of each person's ideas to develop the best solutions. By fully utilising the broad array of talents and skills that come from a diverse workforce, employees provide the Company with a competitive advantage, enabling the Company to achieve success.

All employees deserve to work in circumstances in which they are accorded respect. Harassment or discrimination of any kind related to race, colour, religion, gender, age, national origin, citizenship, disability, political persuasion, sexual orientation, veteran or marital status is unacceptable and will not be tolerated.

Business and Accounting Practices

All Company payments and other transactions must be properly authorised by management and be accurately and completely recorded on the Company books and records in accordance with generally accepted accounting principles and established corporate accounting policies. Information must always be

reported accurately and honestly. No false, incomplete or misleading entries or records should be created, including travel expense reports. No undisclosed or unrecorded corporate funds should be established for any purpose, nor should the Company funds be placed in any personal or non-organisation account.

Internet Use

The Company provides access to the Internet for business purposes. Access to the Internet is to be used as a tool to accomplish business tasks and not for personal use. Specifically, employees may not use their Internet access privilege to:

- Engage in either viewing or communicating materials of an obscene, hateful, discriminatory or harassing nature;
- Engage in or solicit any private business for personal gain or profit;
- Engage in any illegal activities including gambling, up-loading or down-loading of software in violation of its copyright, intentionally interfering with the normal operation of the Company Internet gateway, or attempting to gain unauthorised access to another site;
- Engage in any activity that compromises the privacy of any users or other units;
- Engage in any activity that is against the Company's policies or that would be contrary to the organisation's best interest, or that do not apply with local or national laws; or
- Disclose confidential or proprietary information by any means.

The Company reserves the right to monitor any and/or all internet related activity occurring through the Company system. Any users found in violation of the Acceptable Use Policy may be subject to, at a minimum, denial of access, up to termination of employment and/or criminal prosecution.

Electronic Mail Communication and Systems Use

The Company provides a number of different electronic and voice communication systems for company business. From time to time employees may send personal messages on the company's systems but these messages should be brief and kept to a minimum. Messages for personal gain or solicitation, chain letters, and threatening, obscene or harassing messages are prohibited.

All electronic mail, conferencing data, voice mail and information of any kind that is stored on the Company equipment is considered the property of the Company. The Company may periodically check usage to correct network problems and to establish proper use and security. An employee should not have any expectation of personal privacy for messages or information, which is developed, sent, received or stored on these systems.

Conflict of Interest

Although generally employees are free to engage in a range of personal financial transactions, there are some limitations. Employees must avoid situations in which their loyalties are divided between the Company interests and their own personal interests. Employees refer to this as a "Conflict of Interest". A conflict of interest makes it difficult to objectively carry out their job responsibilities or to act in the best interest of the Company. It is important to avoid even the appearance of a conflict of interest.

Employees are required to inform their manager of any situation, which may involve a conflict of interest. Typically, problems arise when relationships or outside interests influence, or can be perceived as influencing, decisions employees make for the Company. The following are particularly sensitive areas:

- The involvement of the Company's employee family members with the Company's competitors, customers, sponsors and suppliers may result in a conflict of interest. If in doubt as to whether a situation involves a present or potential conflict of interest, employees or their manager/supervisor should consult with the Chief Executive Officer.
- Being employed by, acting as a consultant for, sitting on the board of, or receiving remuneration from, a competitor, customer, sponsor or supplier of the Company, or investing in any competitor, customer, sponsor or supplier of the Company (except for moderate holdings of publicly-traded securities) may result in a conflict of interest. Employees may not do so unless employees have the advance permission of the Chief Executive Officer of the Company.
- Pursuing business relationships outside their regular job responsibilities may result in a conflict of interest, particularly if it places employees in the position of appearing to be representing the Company

in that employment, or if it involves providing *intellectual property*, goods or services substantially similar to those the Company provides or is considering making available. While the Company recognises that employees may wish to pursue interests outside of their regular job responsibilities, employees may not compete with the Company, use the Company resources, or use or disclose the Company proprietary information. Of course, employees should not accept outside employment which reduces the alertness or efficiency normally expected of employees. All outside employment, which raises any question in this regard, must be approved in advance by their manager in consultation with the Chief Executive Officer of the Company.

Confidentiality of the Company Proprietary Information

Information about our products, services, customers and strategies is critical to our competitive position in the marketplace. As employees, employees are given access to company information in trust. Employees must protect it and use it appropriately. This applies both outside as well as inside the organisation. The Company proprietary business information is company property and may not be disclosed outside of the Company, except as specifically authorised by management. Proprietary information includes business, financial or marketing plans, athlete lists, pricing information, employee personnel information, joint venture agreements and internal discussions.

Employees need to take steps to ensure that any company confidential information is safeguarded against external disclosure as well as from unauthorised disclosure within the Company. This also applies to information stored on personal computers or workstations. If business needs dictate releasing or sharing sensitive information prior to a general public release, appropriate protection should be obtained under a non-disclosure agreement.

Employees of the Company must:

- ✓ Agree to keep in strictest confidence and not to disclose directly or indirectly, without the Company's written authority, to anyone other than an employee of the Company, authorised to receive the same, and not to use for his/her own benefit or the benefit of the third party, any information relating to the conduct of the business of the Company and which information, whether in the nature of trade secrets or otherwise, is not generally available to persons not employed by the Company.
- ✓ Acknowledge that the said information represents confidential and valuable property of the Company, by virtue of its special nature and novelty, and so agrees not to disclose it directly or indirectly or otherwise to use it for his/her own benefit or the benefit of a third party, even after completing his/her employment with the Company, unless the information becomes generally available to the public or the Company consents to his/her making such disclosure or use, the Employee acknowledging and recognising that the Company shall suffer damage by any such disclosure or use;
- ✓ Agree to assign to the Company his/her entire right, title and interest in and to, and any copyright and rights of like nature or kind to, any and all products and process or procedural improvements which (either solely or jointly with others) he/she has made or may make during and/or as a result of his/her employment with the Company and which products and process or procedural improvements relate to any of the services of the Company and any work performed by him/her during such employment;
- ✓ Agree promptly to disclose to the Company, or its Attorneys, any and all such products and process or procedural improvements made by him/her and agrees to execute upon demand, but without expense, all documents which may be desirable to secure to the Company the best patent protection in Australia and elsewhere and/or rights relating to such inventions and improvements;

Agree that he/she will not directly or indirectly publish, except with the Company's prior written consent, any of the information in relation to such products, process improvements and that on completing his/her employment with the Company he/she will, if so required, promptly hand over to the nominated representative of the Company all drawings, notes, correspondence and other printed, written or photographed material (and any copies thereof), computer programs and other software and or hardware in his/her possession, power or control relating to the said products and that he/she will not retain any such documents or written material.

Proprietary Information of Others

Just as employees endeavour to protect our information, other organisations do as well. While it is important that employees are well informed about our competitors, employees may not solicit, receive or use any proprietary information belonging to others. Information about our customers, suppliers, competitors, partners and consultants which is already published, in the public domain, or independently developed, is not considered to be proprietary. In addition, employees may not use third parties to acquire information by

improper means. Employees realise that in the course of normal business activities, suppliers, customers and competitors may sometimes divulge to employees information that is proprietary to their business. This does not necessarily make it acceptable to use this information.

Copyright and Software Compliance

The Company purchases licenses from vendors for many software products to use in its business. Australian and international copyright laws protect the software developers' rights. These copyright laws prohibit the copying, distribution and use of software other than for the use for which it is licensed to the Company. All employees have a responsibility to help ensure that software installed on their desktop computers or on network storage devices under their control is not being unlawfully used. Employees must not copy, install or otherwise use software in a manner that violates the license agreement or copyright for that software.

Protection of Employee Information

The Company collects data and maintains records about its employees and applicants for a number of reasons. This includes information about salary and benefits, job performance, employment history, and career and succession planning. These records may be created and maintained in both hard copy and electronic forms.

The Company limits access to this information to only those employees who have a legitimate need to know such information to perform their jobs. The Company also limits the reporting of this data to that which is legally required, or in accordance with an employee request or with their consent. This approach is intended to protect the individual privacy of employee and applicant data. All employees are required to respect the use of personal data in accordance with the Company policy and applicable laws regulating the collection and protection of such data.

Reporting Potential Employee Code of Conduct Violations

Any employee may contact their manager/supervisor or the Chief Executive Officer with a question or concern about a business practice or to report any suspected or potential violation of the Employee Code of Conduct. All employees have an obligation and responsibility to report any suspected or potential ethics violation. When employees contact their manager or the Chief Executive Officer their concerns will be addressed seriously. Any manager who receives such a report should immediately notify the Chief Executive Officer. No adverse action or retribution will be taken against anyone for making a good faith report of a suspected ethics violation. Any attempt to take retribution of any kind will not be tolerated.

Ethics Investigations and Discipline

Depending on the situation, it may be necessary for the organisation to conduct an internal investigation to determine whether a violation of the Code has taken place. Every employee is required to cooperate fully with any internal investigation consistent with the employee's rights under the law. The Company may find it necessary to take appropriate action against any person shown to be involved in a violation or irregularity. Violations of the Code may result in discipline ranging from warning and reprimand to termination. Discipline decisions will be made by the operating management, subject to review by members of executive management who make up The Company Ethics Committee. Employees will be given an opportunity to explain their actions before any disciplinary action is imposed.

Human Resources and Other Issues

Human Resources concerns or queries, such as pay, benefits and employee relations issues should be directed to their immediate manager or Chief Executive Officer of the Company.
