APRIL 2022

AGP - Sunday 10th April 2022

Due to the current National COVID-19 situation the National All Schools Track and Field Championships and Nitro Challenge dates have been cancelled for the 2021-22 season by Athletics Australia. As a result, AV Schools competition including All Schools T&F Championships, Schools Nitro and Schools Track Relay Championships will be cancelled.

NOTE: Athletics Australia has yet to finalise the event date for National Track and Field Championships. The positioning of this will dictate where we position Victorian State Track and Field Championships, AVSL Playoffs and the Victorian Masters Track and Field Championships. Once we are informed, we will notify members of the intended plans for the remaining AV season which will also include specialist and clubs meets.

*Please note that the summer 2021-22 Calendar is subject to change. For more information on AVSL in metropolitan and regional Victoria and other events visit the AV website athsvic.org.au/avevents/

Events in Victoria
